PROFESSIONAL PROFILE

I am a final-year Information Technology undergraduate with a strong learning ability and a strong interest in technology, problem-solving, and creating practical solutions. Throughout my university journey, I have gained hands-on experience in software development, business and systems analysis, UI/UX, HCI, databases, research, and IoT through academic projects and research work. I enjoy working with people, understanding their needs, sharing ideas, and learning through new challenges. As a published undergraduate researcher and confident communicator, I am currently looking for an IT internship where I can apply what I have learned, gain real industry experience, and continue growing both personally and professionally

CORE SKILLS

Analysis & Product: Requirements Gathering, Requirement Analysis, Functional & Non-Functional Requirements, User Stories, Use Cases, Process Analysis, System Analysis, UML Fundamentals, Documentation, Stakeholder Communication, Risk Assessment

Technical Skills: HTML, CSS, JavaScript, Java, Node.js, Firebase, MySQL, REST API Fundamentals, Android Studio, WordPress, Orange, Frontend Development, Responsive Web Design, Backend Development, Figma, Prototyping, User Flows, Interface Design, GitHub, VS Code, Canva, Microsoft Office, Google Workspace, Generative AI Tools.

Soft Skills: Communication, Presentation, Public Speaking, Teamwork, Leadership, Creativity, Problem Solving, Past Learning, Active Listening, Adaptability, Time Management, Collaboration, Positive Attitude, Event Hosting, Storytelling

EDUCATION & QUALIFICATIONS

Bachelor of Information Technology (Honours) Special Degree | University of Ruhuna, Sri Lanka | 2023-Present | Expected April 2027

Diploma in English (DIE) | ESOF Metro Campus | Issued Nov 2019

G.C.E. Advanced Level | Veyangoda Bandaranayake Central College, Sri Lanka

PROFESSIONAL EXPERIENCE

Underwriting Executive | *Ceylinco General Insurance Limited*

Gained exposure to insurance operations, risk assessment, accuracy-focused work, and structured business procedures. Strengthened professional communication, responsibility, attention to detail, and the ability to work within established organizational processes.

UNDERGRADUATE PROJECTS

Smart Hostel Management System | *Full-Stack • IoT • System Analysis*

Worked in a five-member academic team on student registration, room allocation, attendance, check-in/check-out, late-return monitoring and hostel administration.

Contributed to requirements analysis, warden dashboard UI design, frontend development, Firebase integration, documentation and teamwork.

Integrated ESP32 C3 and fingerprint-sensor workflows with real-time Firebase data for automated identification and attendance.

Technologies: HTML, CSS, JavaScript, Firebase, Node.js, ESP32 C3 Super Mini, Fingerprint Sensor

Personal Portfolio Website | *Frontend Development • UI/UX • Personal Branding*

Designed and developed a responsive portfolio presenting projects, research, certifications, technical skills and professional growth in a recruiter-friendly format.

Implemented responsive navigation, interactive gallery/lightbox, animations, contact-form integration, CV download, credential links, accessibility considerations and GitHub Pages deployment.

Technologies: HTML, CSS, JavaScript, Git, GitHub Pages, Formspree

Live Portfolio: samadhiedirisinghe.com

Student Assistant Mobile Application | *Mobile • UI/UX • Student Productivity*

Developed a student-focused application concept supporting academic organization, task management, productivity and everyday university activities.

Contributed to requirement analysis, interface design, user-flow planning and student-centered feature development.

Fingerprint-Based Smart Identification System | *IoT • Automation*

Applied ESP32 and fingerprint technology to explore automated identification and attendance functionality and strengthen hardware-software integration skills.

Service Provider Application | *Application Concept • UI/UX*

Designed a service-booking concept connecting users with electricians, plumbers and gardeners, focusing on user requirements, usability and accessible service discovery.

PUBLISHED UNDERGRADUATE RESEARCH

The Role of Information Technology in Enhancing Small Business in Sri Lanka | *RASAS 2025 • University of Ruhuna*

Published undergraduate research on how information technology supports the growth, efficiency and sustainability of small businesses in Sri Lanka.

Developed skills in literature review, research documentation, academic writing, analysis and presentation of findings.

PROFESSIONAL CERTIFICATIONS

Oracle Cloud Infrastructure 2025 Certified Foundations Associate | Oracle | Issued Oct 2025

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | Oracle

Certificate Course in Oracle Technologies | Oracle University

Diploma in English (DIE) | ESOF Metro Campus

EXTRA CURRICULAR ACTIVITIES

University Scouting Team – Member

Participated in university scouting activities, strengthening teamwork, discipline, leadership, adaptability, and community engagement.

ITSA (Information Technology Students' Association) – Committee Member

Contributed to student association activities, event coordination, and initiatives that support engagement within the IT student community.

University Cultural Centre – Student Contributor

Collaborated in university dramas, cultural performances, and creative events, contributing to rehearsals, performances, teamwork, and cultural engagement.

RASAS 2026 – Graphic Design Team Member

Contribute to the development of graphic and creative materials for RASAS 2026, supporting the event's visual communication and promotional activities.

Communication & Public Engagement

Active involvement in event hosting, compering, public speaking, academic presentations, project demonstrations, and research events, strengthening confidence, audience engagement, and professional communication.

All-Island Winner – RAAWA 2025 Dubbing Competition | Japura Voice

Won the **All-Island Dubbing Competition – RAAWA 2025**, organized by Japura Voice, demonstrating strong voice expression, creativity, performance, and communication skills.

Creative & Personal Development

Participation in dancing, cultural performances, and dubbing/voice activities has developed creativity, expression, discipline, and storytelling abilities. Swimming and outdoor/adventure activities have further strengthened resilience, adaptability, consistency, and curiosity.

LANGUAGES

Sinhala – Advanced, English - Advanced
